DriveIQ®

Client Testimonials

“ The Drive iQ solution is simple for drivers to use and offers an effective solution to improve driver behaviour.

The scoring basis and modular approach provides a focus for drivers to ensure they remain engaged throughout and ultimately realise the benefits once completed. ”

Michael Tansey CMIOSH, DipCII
UK Fleet Practice Lead
RSA Risk Consulting

“ AXA recommends Drive iQ to our commercial fleets because the programme is built on solid research and provides every driver, whatever vehicle they drive, with the guidance and support they need to drive in a measured way because they want to.

Our motor fleet clients who provide this programme to their driving population can benefit from lower whole life vehicle costs, claims and safer drivers.

”

Doug Jenkins
Motor Technical Risk Manager
AXA Insurance

www.driveiq.com

“ The Drive iQ programme has had a positive impact on me.

The module highlighting drivers loss of focus during the last 10 minutes of their journey was eye opening. It is true that drivers start focusing on evening plans as approaching home. I myself, had a major accident in May 2021, while pulling onto my drive.

The Drive iQ programme has educated me on remaining focused throughout the journey. ”

Shareen Jilka
Head of Risk & Governance and DPO
IM Group

“ We're really happy...

...that everyone who drives our vehicles completed their initial assessment and modules and we look forward to completing more modules throughout the year.

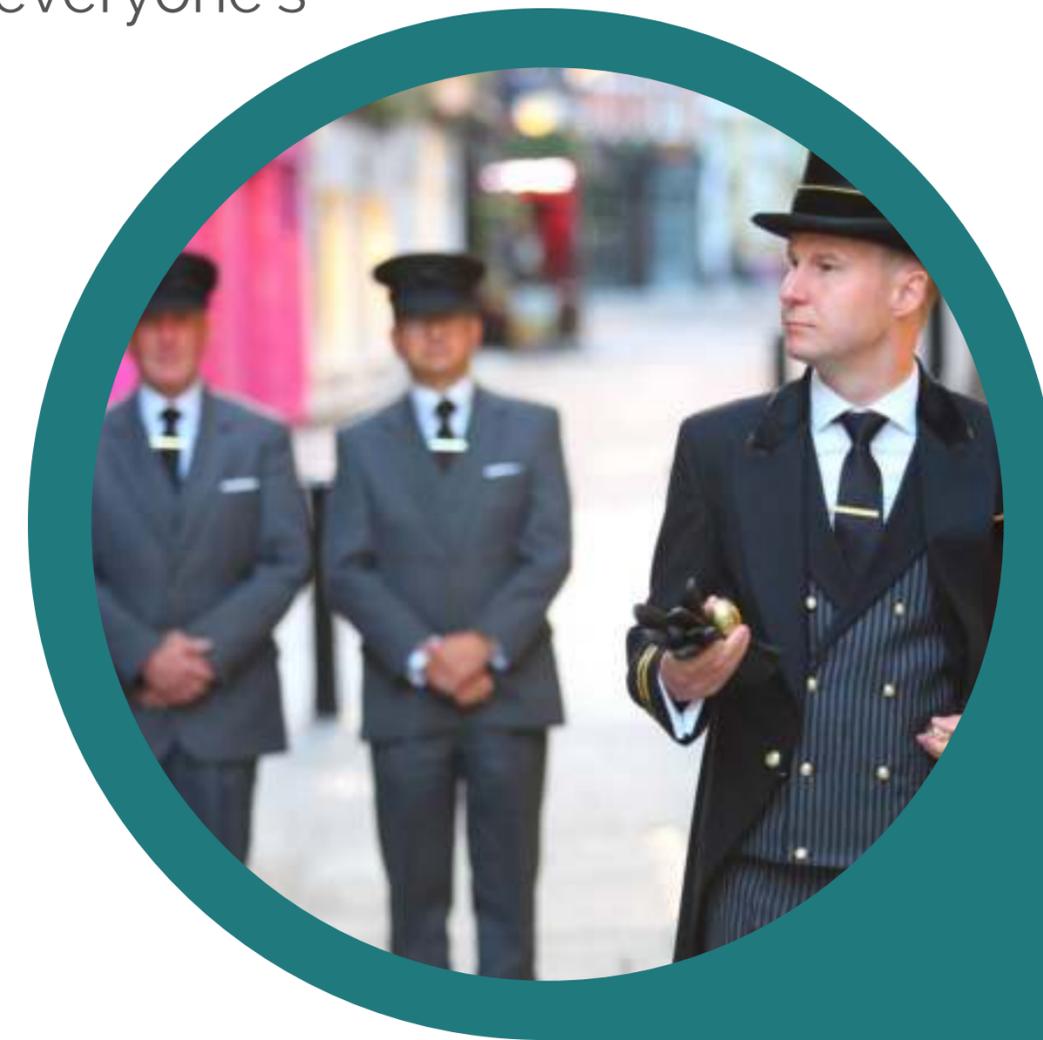

Feedback was very positive - everyone said it was easy and straightforward to use and they were really engaged with the content. We can track everyone's progress within the MIS and chase them up if we need to.

Thank you for helping to set it all up and roll it out, it brought the team closer and helped in more ways than one.

”

Matthew Uden
Managing Director
W Uden & Sons Family Funeral Directors

www.driveiq.com

“ I've completed the Drive iQ assessment and modules and really enjoyed it.

I found it very informative and thought provoking, as I'm very guilty of driving on auto-pilot mode. ”

Darren Norman ACII
Underwriter – Motor Fleet
RSA

“

QBE is delighted to partner with Drive iQ.

We're confident that the science underpinning this safety and wellbeing coaching programme can help lead to Smarter Drivers.

”

Jim Billings MSc CMILT MCMII
Senior Risk Manager
